

## Funktionen

- 4G / LTE
- Secure WiFi
- up to 300Mbps
- CAT 7
- WPS Taste
- Micro SIM Card
- LAN
- Firewall
- Web Benutzeroberfläche

## Functions

- 4G / LTE
- Secure WiFi
- up to 300Mbps
- CAT 7
- WPS key
- Micro SIM Card
- LAN
- Firewall
- Web User Interface

## Les fonctions

- 4G / LTE
- Secure WiFi
- up to 300Mbps
- CAT 7
- WPS-Goût
- Micro SIM Card
- LAN
- Firewall
- Interface utilisateur Web

## Funzioni

- 4G / LTE
- Secure WiFi
- up to 300Mbps
- CAT 7
- WPS-Gusto
- Micro SIM Card
- LAN
- Firewall
- Interfaccia utente web

| Specifications         |                     |
|------------------------|---------------------|
| Type                   | LTE Router          |
| Color                  | White               |
| Size in mm (L x W x D) | 162x132.2x46.9      |
| Weight in grams        | 252                 |
| Power Connector        | DC Jack 6.2mm Power |
| Power Adapter          | 12V                 |
| 3G Band                | 900/2100            |
| 4G Band                | 1/ 3/ 7/ 8/ 20/28   |
| SIM card slot          | Micro               |
| RJ45 Connector / LAN   | 1                   |

| WiFi                    |                                  |
|-------------------------|----------------------------------|
| Mode                    | 802.11b/g/n                      |
| Secure                  | WEP64, WEP128, WPA-PSK, WPA2-PSK |
| Frequency               | 2.4GHz / 5GHz                    |
| Channels                | 1-13                             |
| Antenna type            | internal<br>(External optional)  |
| DHCP server             | ✓                                |
| SSID                    | ✓                                |
| MAC and IP filtering    | ✓                                |
| maximum number of users | 32                               |
